Subject : Trip to the United States and Canada  
Mr. John Vernon

JV(67)214 ✓  
dated 22.6.1967

John Vernon wrote the attached report on my express wish after his return from the United States and Canada. It seems to me to be of special importance in that it describes the political climate around such decisive and influential people as Mr. Eugene Rostow. Mr. Vernon's proposal formulated in item II, to try and open direct contacts between some NATO committees or working groups and Washington seems to me to be a practical and psychological possibility.
