Redraft of Interim Report to Ministers on Future Tasks
of the Alliance

Subsequent to my note FCM/67/82, ✓ I would like to inform you that in further examining the text of the draft report, Mr. Pesmazoglu has realised that also in the penultimate paragraph on page 6 mention has been made of general remarks contributed by the Norwegian Representative, while no mention has been made that a Greek note had also been circulated.

2. Mr. Pesmazoglu confirmed his general point of view that Greece would not mind not being mentioned as long as others were not mentioned either; however, if others were mentioned, Greece wished to be mentioned too.
