Redraft of the Interim Report to Ministers on Future  
Tasks of the Alliance

Mr. Pesmazoglu has phoned to request the following change:

On page 6, last paragraph, penultimate sentence, only the United States and the Secretary General are mentioned as having circulated comments. It is felt that the Greek Representative also contributed comments to the questionnaire.

2. Mr. Pesmazoglu <sup>fact of</sup> leaves it to the drafters to decide whether to insert expressly the Greek comments, or alternatively, to leave out any specific reference if it is found that in fact quite a number of comments have been made. He would be very grateful if he could learn of the redraft before it is distributed to delegations.
